

Tips for Parents/Families

- Attend team meetings. Remember, you are the expert regarding your child!
- Ask what interventions are being used for academic, social/emotional and/or behavioral problems.
- When possible, use the same strategies or interventions at home.
- Ask the school what formal guidelines they are using for progress monitoring.
- Ask your school to provide you with regular progress monitoring reports.
- Praise your child for any progress or general improvement in the area(s) of concern.
- When possible, make suggestions for strategies or interventions based on what you know work well at home.
- Always ask questions when things are not clear!
